These notice boards are looked after by a local ward councillor or person named above and their contact details should be displayed on each notice board. Notices and posters are also sent out from the town hall and the posters are displayed as soon as possible.

Protocol for noticeboards

Who can place a notice?

- Posters and notices can be placed by local voluntary, community and charitable groups as well as by the council.
- Posters for events outside the ward, except Council sponsored town wide events, are usually not acceptable due to the demands for space.

How do I get a poster displayed?

- Please pass the notices to the ward councillor
- You can also pass on copies via the Town Hall. Please mark the posters for the attention of Hayley Thorne, Community Notice Boards, c/o Member Services, Town Hall, The Boulevard, Crawley RH10 1UZ (01293 438625).
- Please allow plenty of time to publicise your event. We cannot guarantee that a poster will be placed if it is received too close to the date of the event it is advertising.
- Our notice boards are very popular and we do our best to keep them up to date and remove out of date posters. Unfortunately space is limited and we cannot promise to display every poster received.
- During election time we are obliged by the government to place certain posters – these must take precedence over other posters during the election period.

What size posters do you take?

- A4 is the best size although we can fit A5 posters. We cannot display posters larger than A4 as they take up too much space.

If I hire a council venue can a display a poster?

- Only if there is space available. Hiring a Crawley Borough Council venue does not mean you have an automatic right to display a poster for your event.

Commercial events

- Fundraising and charity apart, unfortunately, we cannot display information relating to private enterprises or paid/profit making events or commercial advertising as space is limited.

Reporting damage

- If you notice that a noticeboard has been damaged, please contact Keith Jarosinski in Property Services on 01293 438232.

Suitability of material

- For advice on the suitability of material to be displayed, please contact Allan Hambly, Communications Manager on 01293 438717.
