

Lifeline - Key Safe

Key safes are a simple and secure way to keep a spare set of keys for friends, family, care workers, or emergency services to use.

You don't have to risk hiding them under a doormat or in a plant pot. It also removes the dangers of having to leave the door unlocked or handing out your spare keys.

Lifeline is now able to offer these as part of your package. There are two to choose from, the Keyguard Key Safe and the C500 Key Safe.

Keyguard Key Safe

Push button operation with 12 buttons that gives 4096 possible combination codes.

Automatically locks on closing to ensure it's always secure.

Internal dimensions: 80 x 20 x 40 mm. Holds up to five keys, up to 80mm long.

Weather resistant rubber cover included.

Cost £30 + VAT

C500 Key Safe

Push button operation with 12 buttons. Combination codes can be five, six or seven digits long.

Dial to open (once the code has been entered) and to lock key safe.

Internal dimensions are 76 x 53 mm, space to store up to six keys depending on key type and length (5-6 Yale type or 2-5 Chubb style keys)

It is rust and water resistant and comes with a rigid black weather cover to protect it from the elements.

Approved by the police and independent experts. It passed tests covering breaking into the key safe and removal from the wall, making it as secure as your front door.

NB It must be fitted in accordance with the manufacturer's instructions and must go on brick or concrete.

Cost £55 + VAT

Useful information

If you don't have someone to fit a key safe for you, we can give you information about fitters.

If the customer is registered disabled or is chronically sick it may be possible that they can claim VAT exemption on the Lifeline service.

Installing a key safe will not usually invalidate your home contents insurance. If you are unsure check with your provider.
