

Tilgate Park

Ashes scattering and memorials

Many people have fond memories of visits to Tilgate Park with their loved ones and would like to scatter their ashes within the park. The Azalea Woodland is our dedicated ashes scattering area and features seating and the 'Passage' sculpture on which engraved memorial plaques are mounted.

The natural setting provides an ideal backdrop to remember those who loved the park.

Scattering of ashes is by permission only. We do not permit ashes to be scattered in any other area of the park.

Please contact us if you would like to scatter the ashes of your loved one in the Azalea Woodland. You may want a small, quiet ashes scattering, or alternatively a gathering to celebrate your loved one's memory. The Barn can be hired for a gathering of family and friends.

A number of memorials are offered as an additional way to remember a loved one, as well as providing habitats for a range of wildlife. They are available to everyone, regardless of whether or not ashes have been scattered.
